Content of Academic lessons

Germany in Moving Pictures – we will focus on the division of Germany and the consequences of the fall of the Berlin Wall, the effects of World War II and the post-war period until the present day. How did Germany, Berlin, and its people change? What are the differences in the life experience between “East” and “West”?
In the process you will be invited to make your own moving picture of Germany and its capital – you will write a concept for your own German short film in a workshop.
